

Here are some research notes/links/quotes/references on the subject of Secret Societies. Enjoy!

“...by way of the promise, good men are enslaved.”

Points To Consider/Research Further:

-Masonic/Religious obsession with light? the light to reveal or conceal?

-Masonry has become more of an international corporate body of a sort. it is built with a compartmentalized structure (need to know basis)

-Follow the symbolism

-Symbols can be used to convey the image of the divine and uplift humanity, or to lock the mind into a cage.

-Look into the P2 lodge of masonry (intelligence network for the Vatican) & Opus Dei

-There are 240,000 miles of neural threads in the human brain, which is enough to stretch from earth to the moon. on every micro meter for these threads there exists 250,000 units of information. But this data is recorded only as pictograms - only as composition images and not as words. The philo-genetic race memory of our ancestors is recorded in the brain and in our dna in symbols and composite images. This is one reason why all religions, secret societies, ad agencies, political parties, & major corporations employ symbolic language or images.

“This relation of the Self to all surrounding nature and even the cosmos probably comes from the fact that the “nuclear atom” of our psych e is somehow woven into the whole world, both outer and inner. All the higher manifestations of life are somehow tuned to the surrounding space-time continuum.”

- Carl Jung

-Symbol literacy - symbols are more powerful than words.

-The modern world is covered in ancient symbolism.

-The occult tradition - Correlational thinking - imbedded message, subliminal programming, symbolic illiteracy

-Recurrent symbols in the media and in the city structures.

-The use of color, numbers, rhythm, use of light, symbolism

Excerpt: "Occult knowledge has long been associated with light but not in the way we commonly believe. Setian-Atonists worship light not for what it reveals but for what it conceals. They are disciples of the dark side of the sun. Their chosen forms

of private worship proceeds behind a veil of light. We are told this loudly enough, but in a symbolic manner. “

Secret Societies, Good or Evil? - Richard Cassaro

Excerpt: “The Masonic Fraternity — Robbed Of Its Wisdom

Then, something critical happened in the 1800s. The Masonic Fraternity went through a kind of unwilling transformation.

Someone—a *sinister clan of organized individuals*—went in and ripped apart the rituals. The symbols were dumbed-down, the wires were crossed, and the teachings were tweaked and compromised.”

Quotes:

"Mirabello defines six types of secret society: In the first type, the existence of the group is known and the membership is public knowledge, but the rituals and the meetings are secret. This describes the Freemasons. In the second type, the membership and the objectives are public knowledge, but all meetings are private. This describes the Bilderberg Group. In the third type, the existence of the group is known, but the membership and the objectives of the organization are secret. This describes the Hellfire Club. In the fourth type, the existence of the group is rumored, but few, if any, concrete facts are known about the group. This describes the Illuminati. In the fifth type, the existence of the group is rumored, the identities of the members are secret, but the rituals and the objectives are known. This describes the Odin Brotherhood. In the sixth type, the existence of the group is denied, but the identities of the members and the objectives of the group are known. This describes the Mafia. 5 Mirabello lists secret societies of various types, including the Order of the Assassins, Black Hand, Broederbond, Illuminati, Knights of the Apocalypse, Ku Klux Klan, Leopard Society, Luddites, Mafia, Odin Brotherhood, Order of the Skull & Bones/ Lodge 322, and the Cult of Thuggee. 6 Conspiracy"

— from "The Occult & Subversive Movements: Tradition & Counter-Tradition in the Struggle for World Power"

“The United States were sold to the Rothschilds in 1863” - Ezra Pound
(Research the Banking Act of 1871)

“...Freemasons have a secret which they carefully conceal...Masonry is derived from some very ancient religion...At what period of antiquity, or in what nation, this religion was first established, is lost in the labyrinth of unrecorded time...”

— *Thomas Paine, Origin of Freemasonry*

First British Prime Minister Benjamin has said: *“The world is governed by very different personages from what is imagined by those who are not behind the scenes. The governments of the present day have to deal not merely with other governments, with emperors, kings and ministers, but also with Secret Societies which have everywhere their unscrupulous agents, and can at the last moment upset all the governments’ plans.”*

- Benjamin Disraeli

“The great strength of our Order lies in its concealment; let it never appear in any place in its own name, but always covered by another name, and another occupation. None is fitter than the three lower degrees of Freemasonry; the public is accustomed to it, expects little from it, and therefore takes little notice of it”

— **Adam Weishaupt** (Founder of the Bavarian Illuminati, 1776. From John Robinson’s *Proofs of a Conspiracy*, 1798)

“The Blue Degrees are but the outer court...of the temple. Part of the symbols are displayed there to the initiate, but he is intentionally misled by false interpretation. It is not intended that he shall understand them, but it is intended that he shall imagine that he understands them...The true explanation is reserved for the Adepts, the Princes of Masonry (those of the 32nd and 33rd degrees)”

— **Albert Pike** (Grand Master of American Scottish Rite Freemasonry and Head of the Illuminati. Successor to Mazzini)

"...if you trace up Masonry, through all its Orders, till you come to the grand tip-top, head Mason of the World, you will discover that the dread individual and the Chief of the Society of Jesus [i.e., the Black Pope, the Superior General of the Jesuits] are one and the same person." —**James Parton** (American historian)

"We form an association of brothers in all points of the globe ... yet there is one unseen that can hardly be felt, yet it weighs on us. Whence comes it? Where is it? No one knows ... or at least no one tells. This association is secret even to us the veterans of the Secret Societies."

- Guiseppe Mazzini (1805-1872) 33rd Degree Freemason - Appointed head of the Illuminati in 1834

“I have been convinced that we, as an Order, have come under the power of some very evil occult Order, profoundly versed in science both occult and otherwise, though not infallible, their methods being BLACK MAGIC, that is to say, electromagnetic power, hypnotism and powerful suggestion. We are convinced that the Order is being controlled by some Sun Order, after the nature of the Illuminati, if

not by that Order itself.”

— **The Duke of Brunswick** (Grand Master of World Freemasonry, 1700s)

“...We see our edifice...crumbling and covering the ground with ruins, we see the destruction that our hands no longer arrest...a great sect arose, which taking for its motto the good and the happiness of man, worked in the darkness of the conspiracy to make the happiness of humanity a prey for itself. This sect is known to everyone, its brothers are known no less than in name. It is they who have undermined the foundations of the Order to the point of complete overthrow; it is by them that all humanity has been poisoned and led astray for several generations...They began by casting odium on religion...Their masters had nothing less in view than the thrones of the earth, and the governments of the nations was to be directed by their nocturnal clubs...the misuse of our order...has produced all the political and moral troubles with which the world is filled today...we must from this moment dissolve the whole Order”

— **Duke of Brunswick** (Grand Master of German Freemasonry. Written to Brethren in 1794)

Let it be said once and for all, secret societies have not always been formed for evil purposes. On the contrary, many have arisen from the highest aspirations of the human mind—the desire for knowledge of eternal verities. The evil arising from such systems has usually consisted in the perversion of principles that once were pure and holy.”

If I do not insist further on this point, it is because a vast literature has already been devoted to the subject, so that it need only be touched on briefly here.”

—*Nesta Webster, Secret Societies and Subversive Movements*

"When a certain spiritual or traditional organization falls into such a state of degeneration that its representatives know very little of its true, inner foundation...a spiritual “void” has been created that can be filled, through infiltrations, by...subversive forces.

These forces, while leaving the appearances unchanged, use the organization for totally different purposes, which at times may even be the opposite of those that were originally its own...

Having mentioned Masonry, it must be stated that the genesis of modern Freemasonry as a subversive force is due to this tactic of replacement and inversion...”

—*Julius Evola*

"...the six highest and last degrees conferred by the Scottish Rite are all Knight Templar degrees, more than by any other regular rite of Freemasonry."
